“ Reid was one of the first friends I made in high school. We met at the summer program for AFJROTC. We quickly grew into our friendship. He would sit with me at breakfast everyday and ask how I was doing. He truly cared, which a lot of the friends that I did have left over from middle school, did not. He made me feel like I was valuable and made a difference in AFJROTC. I really loved his personality and he always always made me laugh. I didn't keep up with him after he graduated, I should have. I will always have love for Reid. I cannot believe he is gone so young. Rest in peace, Reid. Sending thoughts and love to his family and friends through this time of grief.

Hey guys! I am rosemary reeds half brother, uncle to Reid and Sabrina and Samantha and dallas . Our birth family was messed up, but I had mad love for all of my sisters babies. Thanks to everyone who enriched his life, and gave him opportunity that many of us did not.
